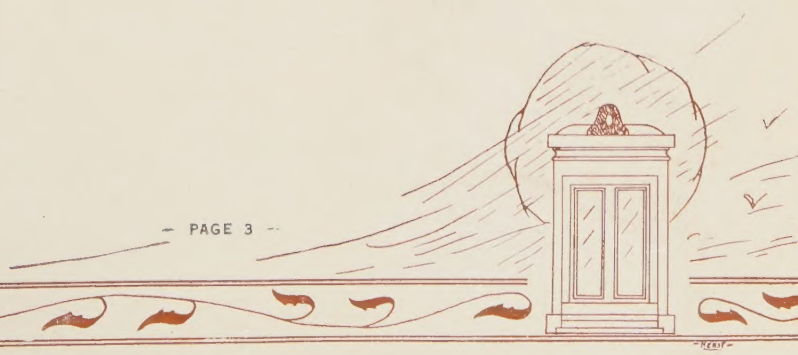
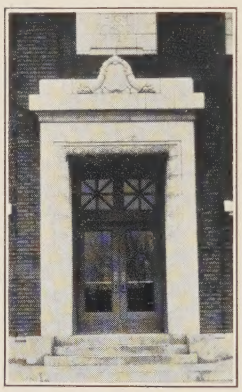
TO OUR FACULTY
FRIENDS AND LEADERS,
WHO HAVE GUIDED US
THROUGH FOUR STRENUOUS
YEARS
AND HAVE FINALLY BROUGHT US
TO THE FIRST MILESTONE
IN OUR JOURNEY,
WE AFFECTIONATELY DEDICATE
THIS VOLUME OF
THE MIRROR



FOREWORD



IT WAS only with the most arduous labor, unceasing toil, and timely advise, that this year-book has been published. Obstacles, seemingly insurmountable, were found to be stepping stones which led toward that joyful day when worry would cease to be, and the "Mirror" would be a thing of fact, not dreams. It was not without dreams, however, that this book was planned.

The ultimate purpose in publishing this book is to give those who are advancing to meet the challenge of the future a reminder of that golden period of life which was spent within these walls. If they, in later life, can recall these happy days, the purpose of this book is fulfilled.

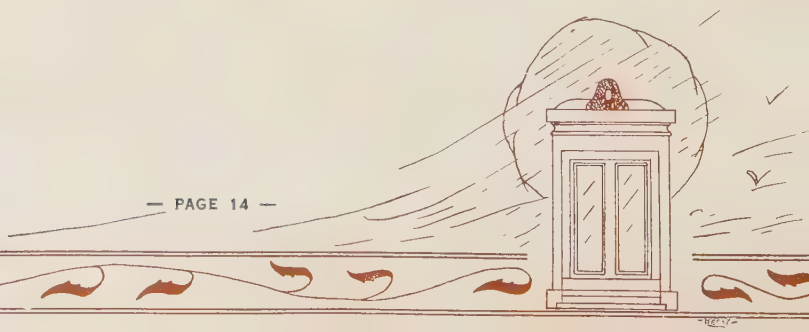
The great were once as you.
They whom men magnify to-day
Once groped and blundered on life's way,
Were fearful of themselves, and thought
By magic was men's greatness wrought.
They feared to try what they could do;
Yet Fame hath crowned with her success
The selfsame gifts that you possess.

The great were young as you,
Dreaming the very dreams you hold,
Longing yet fearing to be bold,
Doubting that they themselves possessed
The strength and skill for every test,
Uncertain of the truths they knew,
Not sure that they could stand to fate
With all the courage of the great.

Then came a day when they
Their first bold venture made,
Scorning to cry for aid.
They dared to stand to fight alone,
Took up the gauntlet life had thrown,
Charged full-front to the fray,
Mastered their fear of self, and then
Learned that our great men are but men.

Oh, Youth, go forth and do!
You, too, to fame may rise;
You can be strong and wise.
Stand up to life and play the man
You can if you'll but think you can;
The great were once as you.
You envy them their proud success?
'Twas won with gifts that you possess.

—Edgar A. Guest.



LEONA ANDERSON

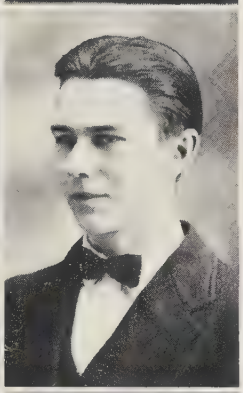
Small and quiet but possessing worlds of sense, our Leona will be missed when she departs from Memorial Hi with her diploma next June.

MARY AXE

Whether the wind blows ill or no, "Hatchet" always wears a smile. She has taken up all kinds of work and has found success through her efforts.

EVELYN ANDREONI

One could not very well accuse Evelyn of talking too much, but when she talks she has something worth saying.

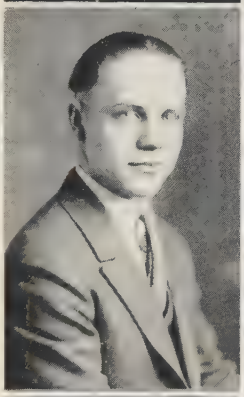


EDWARD BAUER

"Ed" is right there when it comes to heartbreaking. He is also an expert at ushering for a Lecture Course number. We surely can depend upon him.

CARL APPLE

Carl, with his seriousness, makes us believe that some day he will be a minister. He has won a high standard in all his courses.

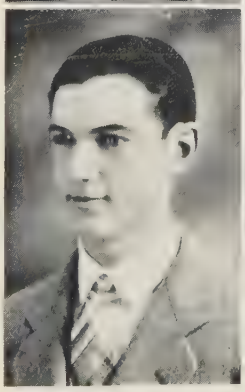


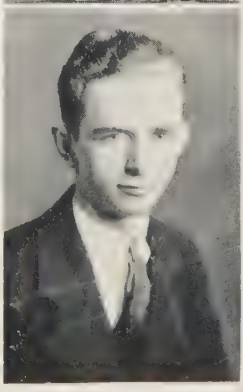
BRETA BAUMGARDNER

Breta is so full of spirit she bubbles over sometimes. This accounts for her popularity during her High School career.

JAMES ASHBAUGH

"Jim" is just an easy-going boy, yet always comes out ahead. If you want a thing done right, go to "Jim." We are proud of his ability.





RICHARD BEALE

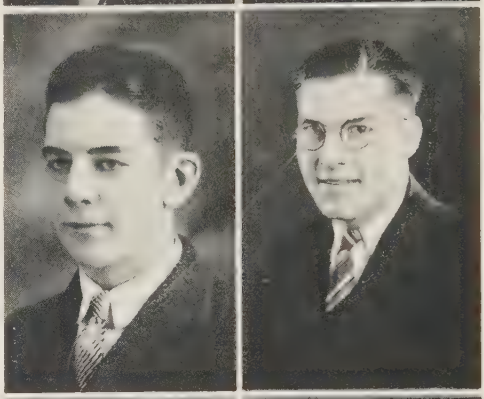
"Dick" surely has placed his name on the records of Memorial athletics. Besides this he is a good student, witty, and easy to get along with.

ANDREW BERGMAN

Life's buffets will come and go but Andrewwill still be as gay and blase' as he is today.

LUCILLE BOWERS

"Lucy" is in demand as the soloist for our musical plays. As to her tastes—the superlative degree of everything is necessary to satisfy her, hence we wish her the greatest success in life.



CARL BETHERS

No matter if it rains —every day is a 'Clare' day to Carl. He is one of our best men in athletics and Memorial will miss him.

NED CHANDLER

Lo! Mark Twain has a rival! Ned is the humorist of the senior class, and at the same time he successfully financed the "Mirror."

LUTHER BLAKELY

We hope that Luther may mold and shape his future as skillfully as he turns out useful articles in manual training.

JAMES COGAN

Life holds no serious cares for "Jackie." His Irish smile and his Irish luck will carry him through.

ALDORA BODKIN

"Al" is one of our classmates who left us before the close of the year to begin her college course. We feel safe in predicting a brilliant future for her.

MILTON COLVIN

His heart is big enough for him to be kind to everyone and his shoulders are broad enough to carry all the tasks that may be placed upon him.

MARY CONNAUGHTON

Mary did not enter our class until this year but she has made up for lost time by gaining the friendship of everyone.

DOROTHY DEITSCH

"Dot" possesses a cheerful disposition which has gained for her the friendship of all with whom she comes in contact.

RUTH CONNER

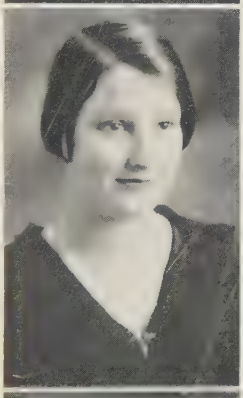
Ye Live Wire Editor! How could we do without you? Ruth has always been a good student and out of school she is as ready for mischief as anyone.

LILLIE MAE DENNINGS

May you succeed in everything that you undertake as well as you did in playing your role in "Springtime."

SAVELLA CUSTER

Not many girls would have been able to play basketball, be a cheer leader, take high school in three years and support Memorial in everything. Yet "Sally" did this and succeeded.



LAURA DICKMAN

Laura is another Senior who believes in having a good time at work and play. Discontent has no place in her life.

MARY DEIDRICK

Mary is perfectly at home with her shorthand and typing. She has the happy faculty of making friends and keeping them.

MARY MARGARET DORIAN

Whenever you want tickets sold for any entertainment—ask Mary Margaret. She is a very loyal worker for M. H. S.

MARY MARGARET DURBIN

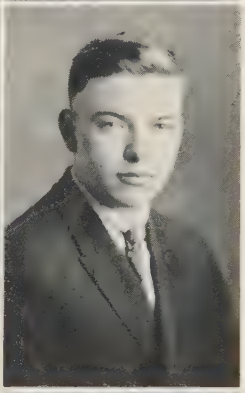
"Drib" is an athlete, a lady, a student—all in one, and is always ready for a good time. She enjoys a joke on herself as well as on anyone else.

ALBERT FOOR

Albert is another one of our "big" men. He hasn't much use for athletics, but as a policeman—"nuff said."

HENRIETTA FINKE

Although Henrietta did not get to graduate with our class, she will always be remembered because of her brilliant work during her four years of high school.

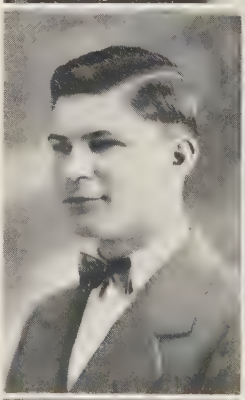


EUGENE FOSNIGHT

"Gene" was one of the most dependable football men on the squad. Grit and courage like his makes heroes out of men.

KERMIT FISCHER

We expect great things of you Kermit, and we are positive we shall not be disappointed.

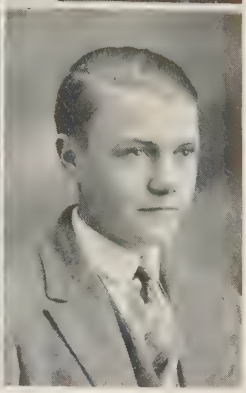


DAISY GILMORE

If a more jolly or fun-loving Senior than Daisy can be found we would enjoy an introduction. We predict a bright future for you, Daisy!

VIRGINIA FISHPAW

Just a little ray of sunshine! If you have the blues call on her. She is a good cure. "Gin," may you always be as successful as you are cheerful!



BENJAMIN GRIESHOP

He never speaks without a smile! He has only been with us for one year and we wish we could have had him all the four years.

CATHERINE HALE

"Kate" is satisfied when she has her books, so we are certain that she will make good. Our best wishes go with you!

KATHRYN HIRSCH

Sparkling brown eyes and a merry smile! That is Kathryn. She has won our hearts with her pleasant, easy ways.

CATHERINE HANGEN

"Kitty's" hobby is driving the latest model Buick. She possesses the kind of personality that attracts and holds friendship.

CLAREBELLE HIPP

"Clare" has our vote for being the peppiest girl and we are all sorry that she left us so soon. We wish her success in her chosen career.

PAULINE HAUSS

Pauline and fun have been inseparable. However, she is a good student but we will take his word for it that she will never be a "school marm."

BOYD HOLDREN

Behold the debater, historian and woman-hater! We need not worry about his future for the world needs more of such men.

CORA HILL

Her words are few and far between. Cora has been a trustworthy classmate and we are proud to claim her.

HOWARD HOLLMAN

Remember the bashful Freshman? Now Howard, admit it! But now he is a real actor, athlete—in short he has stepped right out.

WALTER HORTON

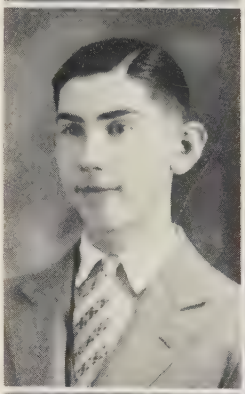
Here's to "Horty" the ringer of the bells and a more likeable chap you could never find! He is always doing tomorrow what he is today—studying. Good luck to you, Walter!

MARVEL HUNTER

Dependable! That's Marvel! At least Mr. Candler thinks so when it comes to reserving seats or serving on a committee. We have a lot of faith in Marvel.

ELMER HOWE

Elmer is over the heads of some of us, up near the stars! He is right there when it comes to being a druggist or running errands for Mr. Candler.

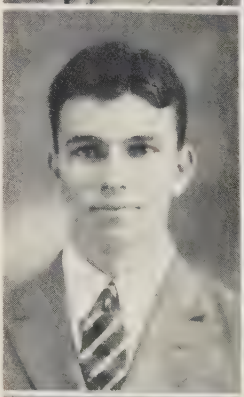


MARIE HUSSEY

Here's to a girl who appears to be always busy! She has had a great interest in her High School.

DILLON HOWELL

Every day is "Ladies' Day" with "Ding," and yet he is an all round good fellow and has proved to be such in all kinds of athletics. All success possible, Ding!

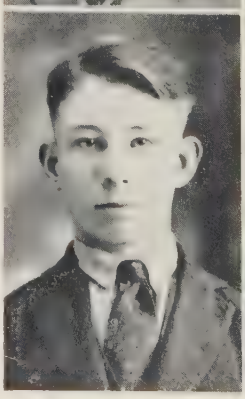


DOROTHY HUTTON

"Dot" is noted for her frankness. At least she admits when she hasn't studied her Vergil. We predict great things for her future.

LAWRENCE HUFFMAN

Lawrence is another of our athletes. If he would only brace up and smile for the ladies we would guarantee him a success in this field equal to that he found on the gridiron.

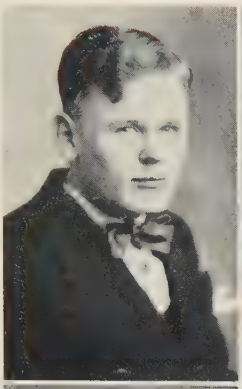


EMILIE JASPERSEN

Beneath her dignity may be found the capacity for clean fun. She has hosts of friends and has anyone ever heard of her enemy?

KENNETH KERST

"Cozy" is noted for a lot of things—smoking his pipe, making witty remarks and cartooning. He has done much toward bringing sunshine on a rainy day by his original decorations on slickers.



ALMA LACY

Shy, with a certain mid-victorian grace and modesty! Alma works intensively and to good effect. We wish her success in the work she chooses when she leaves us.

GRACE KISER

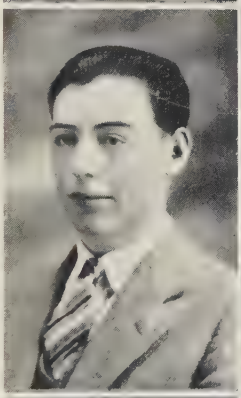
Everyone knows and like "Gracie." With her snappy brown eyes and pep she will succeed in her work whatever she may undertake.

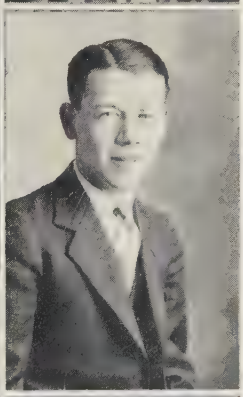
RUTHARRIET LEVERING

Memorial High lost one of her best students in the person of "Ruth Liar." Her smile and personality won for her the friendship of all.

EDWIN KOHLHORST

Edwin may be of a retiring nature and not given to uttering many words—yet we know that beneath this exterior is a sense of humor and fun.





KERMIT LINDERS

"Rupy's" sand, courage and a never-say-die spirit have gained for him his place in athletics. He leaves Memorial Hi with a lot of friends wishing him success.

WILMA KRUEL

No class is complete without "Bill" there to express her opinion. "Study and be wise" is her slogan and it is one that will aid her in her lifework.

MARGARET McAFEE

Her friendliness and utter lack of affectation cause all to speak of her in admiration. Our class, too, may boast of her fine scholarship.

FRANK McBROOM

"Si!" When we think of him we think of a student, athlete, manager and comedian. He has surely won these titles. We're wishing him success and lots of it.

MARGARET MILLER

She's pure Gold and true Blue! "Mike" is an outstanding senior. Her happy ways and her talent have placed her high in our hearts.

LENORE McDONOUGH

Lenore is a rather quiet and demure person, but she always enjoys a good time. May success be yours!

DOROTHY MINKNER

"Dot" is usually busy with something—sometimes work, other times fun. She has always been loyal to Memorial High.

HELEN McKEE

Helen possesses many fine qualities. She has been interested in all activities and has always supported her class and her school.

MARJORIE MONTAGUE

Here's luck to you, Marje! You have never failed us when we needed you and we hope that you will always find good Fortune and Opportunity waiting close at hand.

EVELYN McMULLEN

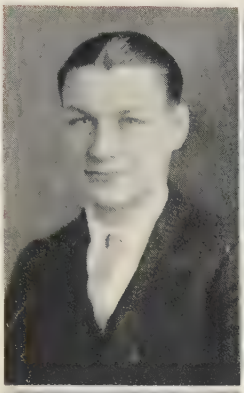
Whenever we see Evelyn we think of the maid in "Miss Bob White." May you play your part in life as successfully!

GLADYS MEYERS

Gladys is another girl who has proved her worth to Memorial High. She is a real friend and has a big heart.

KENNETH NAGEL

What Atlas is to the world, so is "Kenny" to Memorial High. He has been one of our most popular classmen.

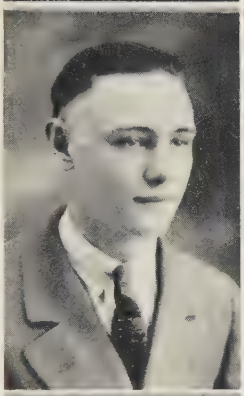


GEORGE RAUDABAUGH

George is always ready to lend a helping hand—whether it be selling "Mirrors" or being chief assistant to "Rube" in managing the stage.

NORMAN OTTO

If Norman sticks to everything as he does to carrying a tune in Glee Club, we see success written in his stars! He is a gentleman and has won the respect of all of us.



VELMA RHODES

Velma is another bona fide girl of the Senior Class. She is talented in music and efficient in whatever she undertakes.

ALBERTINE PAUCK

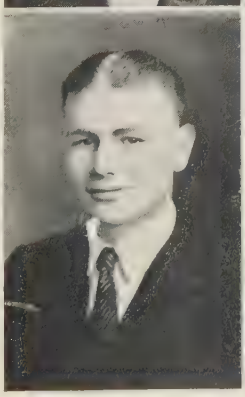
Whatever it is—a party, program, committee or a bunch out for a good time—it isn't complete without her! May your enthusiasm and pep never fade, Albertine!

BERNICE ROHRBACH

Bernice, herself, is a little person, but her ability in keeping friends is very great. We admire her sunny disposition.

BERNARD PFAFF

If ever you need anyone to wake up students at a "pep" meeting call on "Bun!" His specialty is in keeping things going. We wish to express our appreciation in the name of the student body.



RUTH ROHRBACH

Energetic, easy to work with and full of fun—this is "Dimples" and we shall miss her!

MARGARET ELLEN SAMPSON

Her quiet, retiring manner hides much of a character that is sincere and worth knowing. Her future holds much in store for her.

ERMA SMITH

Does anything worry Erma? We always see the sunny side of her nature. She has been an active worker during her high school career.

GLADYS SEEWER

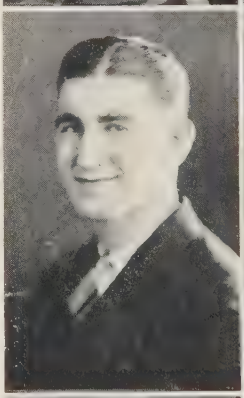
"Glad" is noted for her giggling! She is another Senior who has struggled through four years of Latin and has finally conquered the Gauls.

PAUL SOLMS

Paul believes in the saying, "Be silent and pass for a philosopher." Opportunity will never have to knock twice at Paul's door.

BENNIE SHERMAN

When it comes to talking—Bennie has the gift! And his serious manner makes you really think that he believes what he says. Good luck to you, Bennie!



PAULINE SOLMS

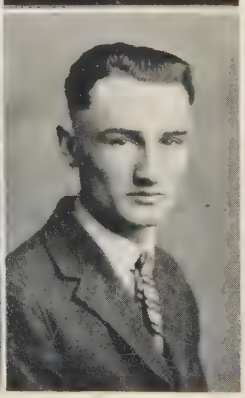
For an entirely unselfish and brilliant girl, you will look long before you find one who fills these qualifications as successfully as does Pauline.

MARIE SIEWERT

Charm, common sense, a love of the latest fashions and dancing records are her specialties. Indeed, the gifts bestowed upon her are many and varied.

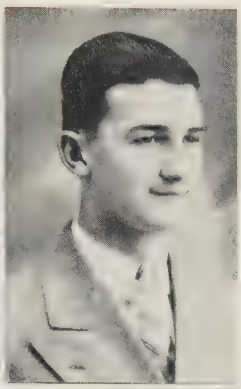
EDWIN SPRINGER

Edwin seems to be quiet and studious but we know that he thinks lots more than he says, which after all is a quality which the angels envy.



CLIFTON STEINEBRUGGE

Talk about work! "Stoney" always has his arithmetic! Never mind, we all enjoy a vacation. Tall, blonde, well I guess everyone who knows him likes him.

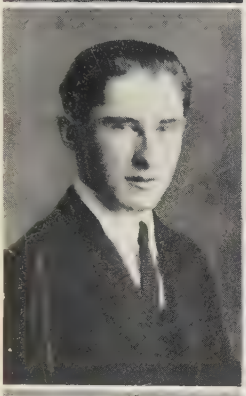


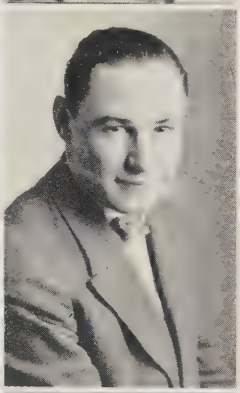
VIRGIL SULLIVAN

Easy-going, pleasant, friendly — Virgil has surely made his place in the life at Memorial. His smile speaks volumes!

RAYE STONEROCK

"Then he will talk! Ye gods, how he will talk!" Whenever you want to know anything about guns, hunting or fishing — ask Raye. Chemistry?—No!



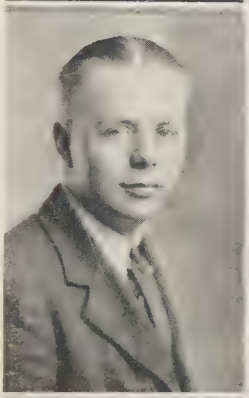


REUBEN SWARTS

"Rube" has played an important and busy role in high school. He is an expert stage manager and property man. In football, when we saw "Rube's" helmet coming across the field we knew victory was ours.

ARTHUR STRASBURG

"Art" is one of our big men at Memorial Hi, and is admired by everyone. He was a real 'standby' in football.



IZETTA TABLER

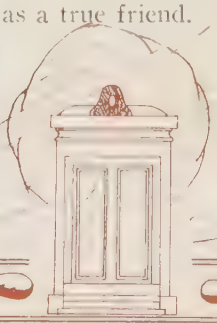
"Zek" is devoted to her work. She is quiet, but her friends know she is true blue and they value her friendship.

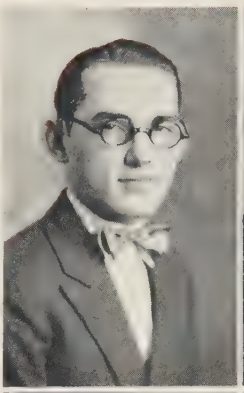
NELLIE SULLIVAN

Nellie is one of Miss Slaybaugh's star seamstresses. It is from such reliable material as she that the deep foundations of our high school have been built.

HELEN VOGEL

Helen has shown during her high school career that she is capable of doing her work thoroughly and well. We will remember her as a true friend.





BURDETTE VORHEES

"He's considered a wit in his old home town, but he's far, far from home!" "Tex" came to us from far away Kansas, out where corn and men grow strong and tall. We are happy to claim him as a classmate.

MERWYN WESNER

"Better talk too little than too much," Merwyn thinks, and we respect his opinions all the more because he seldom voices any.

MODESTA WALTERS

Modesta never speaks a word without a smile. She is an earnest student and always willing to enter into any fun.

BETTY WILLIAMS

Betty is in harmony with the world. She is the original exponent of "just a little thing called rhythm." We hope that she will always be in tune with life!

MIRIAM WEADOCK

Miriam may have the satisfaction of a task well done. She has always been faithful in many things and is fully entitled to the reward. Our best wishes go with her!

JACOB YOUNG

"Jake" says he isn't lazy, but he just likes to take life easy. In all our four years of Hi, we never have seen him in a terrible rush but sooner or later he arrives.

"THE SHIP '26"

In September, 1922, the "Ship '26" sailed into the fair harbor of St. Marys High School and cast anchor. For several months the ship lay quietly in the harbor, while the inexperienced sailors sought means to strengthen it. They realized that in the future, in order to brave the storms, they should have a captain and a banner. The entire crew assembled and elected their Captain, Carl Bethers, and chose their banner of Scarlet and Gray. Under the gallant leadership of Captain Bethers they progressed rapidly with the work.

They built their ship "staunch and strong" by entering into the activities of the High School. They played no small part in football and basketball. In track it was always one of this crew who carried them on to victory.

The sailors have enjoyed many good times on the ship. The echoes of merrymaking and jollity have prevailed all through the years. The parties and plays have always been supported by members of the gallant crew.

In the more serious undertakings of their life, in the mental training which is necessary to the complete development of a good sailor, the midshipmen performed their tasks with vim and vigor, and listened to the counsels of their admirals.

Now the Ship is ready to sail forth on the unchartered seas, to weather storms and to pass calmly through the peaceful waters. The Ship may leave no path, no impression, in its wake, yet its ever-widening circle of influence may be felt to the fartherest port of the Seven Seas.

JUNIOR CLASS HISTORY

Well here we are, Juniors. The years have been hard that have led to this goal but we are proud of the accomplishments that have filled them.

We began as Freshmen in '23—one hundred and thirty-two strong. Although the time honored phrase of "Green Freshies" was given to us we soon demonstrated our exceptional ability both in the realm of the scholastic and in athletics. But athletic prowess and scholastic ability were not our only talents. In the various dramatic and musical activities of the school the Freshmen stood pre-eminent. Our Freshmen President was Eudora Hudson.

At the end of that year we were not only promoted from the Freshman to the Sophomore class, but also from "The vineclad walls" of the west building to our new Memorial High.

Ninety-eight of us entered the second year and as Sophomores continued the work we had started as Freshmen, that of excelling in what ever we undertook. The football and basket ball squads were not complete without us; socially too, we were prominent. Taking advantage of "October's Bright Blue Weather" our class gave a Hallowe'en Party at Idlewild. We also took active part in the School Party that year. We have taken an important place in the intellectual activities of the school, which fact is proved by the book reviews that several of our members had to write. We are quite certain that "Springtime" would not have come in January that year had it not been for the able cooperation of the Sophomores. Leonard Schroer was president last year.

Although only eighty-six of us entered last fall as Juniors you will find this has been our most successful year. In perusing the personnel of our different High School teams, you will see a goodly number of Juniors represented not only in debating, but also in Football, Basketball—we helped win the County Tournament for girls—track, and musical organizations.

A large number of us are members of the different clubs of Memorial, namely: History, Dramatic, Agriculture, Science, Commercial, and Talent Clubs.

Our Cheer Leaders have helped St. Marys win many a game. You have all helped us. "Give 'em the axe." When the school wants to put something over, be it a play, a parade, a snake dance or a game, it calls on the Juniors and the Juniors have never yet disappointed it.

A class may be sized up as you would size up a man, that is, by his conduct when he loses as well as when he wins. The caliber of the Junior Class was shown when the Juniors demonstrated the fact that they were good losers when it was found that they, together with the Freshmen, had lost out in the "Bob White" ticket sale. The Seniors and Sophomores will vouch for their hospitality.

The event to be remembered longest, will be the Junior Senior Reception which, we hope, will be the best ever held in St. Marys.

Ruble is our pilot this year. Our officers for each succeeding year have been good ones and this year is no exception. The sign so frequently seen in Junior rooms this year: "Junior dues are due" is mute evidence of this fact.

The JUNIORS' MOTTO

When a Junior says "It can be done"
You have no cause to worry;
No need to fret or fume or rage,
No need for haste or flurry.
Just travel your accustomed way
And do the task assigned you,
And Gold and Blue is sure to lead,
Success will surely find you.

When a Junior says "It can be done"
You just begin your shouting
For eighty strong they'll start to work,
No shirkers and no pouting.
"All ready class—together now!"
Will ring our Captain's voice
And altogether we will work,
We want no other choice.

CLASS HISTORY

Last year at the beginning of school one hundred and thirty happy Freshmen were enrolled on the school registers. This class had the honor of being the first Freshman class in the new school building. Since this was the first time any high school students had attended the new school, we, as Freshmen, did not share the usual embarrassment of most Freshmen; of being "strangers in a strange land."

In the fall of the year 1925 we returned to school, slightly diminished in numbers, but with just as much eagerness and enthusiasm to enter into a new school year as we had the previous year.

At our first class meeting we elected our class officers and Live Wire representatives. We made arrangements for a Hallowe'en party at another class meeting and several days before Hallowe'en had the party.

We had several men on the High School football and basket-ball team, and also had our own basket-ball team. We had members on the debating team, in the Glee Club, Orchestra, and in various other organizations. We took part in all events of High School interest.

Sophomore Class Party

The evening of October 29, 1925, was selected for a Sophomore Hallowe'en party which was held in the Memorial High School gymnasium. The gym was tastefully decorated with black and yellow crepe paper and corn shocks. Several pretty floor lamps illuminated the room. Some of the pupils came masked in various costumes.

Refreshments were in keeping with the Hallowe'en season, consisting of sandwiches and cider.

The evening was spent in playing games and dancing. Music was furnished by Bernard Pfaff, Ned Chandler and Eugene Hirsch.

The chaperones for the dance were: Miss Emilie Benjamin, Miss Eleanor Kyle, Miss Mathilda Adams, Miss Dorothy Minnich, and Mr. and Mrs. Roy Wisecup.

Sophomore Class Prophecy

As I was walking through Gordon Park the scene of so many of our class reunions I wondered what had become of all of my classmates. I came upon an old gypsy woman who was gazing into a crystal, she was not busy and I asked her what fates had befallen all of my friends. Her answer was—"I see Dorothy and Harley Otto making their stage debut in the comic opera "Romeo in Joliet." It is reported that the accomplished society bud, Gertrude Van Dine has become engaged to Sam Welshimer who is traveling with Jingling Brothers as the tallest little man in the world. Dan Conner is successfully practicing law in Hicksville, a suburb of Moulton. Lester Hunter is kept busy sweeping mice out of the Woolworth Building when he is not engaged in his voice culture. Fritz Gross and Paul Sealschott are now attempting to climb Pike's Peak backwards on their motorcycles. Leland Long, who is the leading designer of fashions in Wapak, has as models in his latest fashion show, Gertrude Fischer, Leona Aufderhaar and Clara Hunter. He is ably assisted by the former "Miss America," Miss Annabelle Wolfkiel. Gerald Wiswasser is chief secretary to the Secretary of State, Wilbur Feil. Mary Margaret Yingling is a great composer of Spring songs which the Madsen Sisters are attempting to sing. Lester Bamberger is the president of William Tell Necktie factory in Lima, Peru, South America.

"James Heap succeeded Miss Benjamin as French teacher in Memorial Hi. Loretta Rabel is teaching the latest dance in Cridersville, Ohio. Forest Bidwell is head of the "Bidwell Packing Co." which has taken over all the business of the Armour Packing Company. Charles Gross is now leader of Sousa's Band.

Bernard Montague and Bernard Meyer are training St. Bernard dogs for circuses and side shows. Anna Mary Speck, Nell Smith, Onnolee Cisco and Elizabeth Coffin now own the broadcasting station BLAH and are said to be the most accomplished artists at that station. Emma Katterheinrich, Lillian Althoff and Mildred Dicke have succeeded the following teachers in Memorial High: Miss Williams, Miss Adams, and Miss Kyle. The following boys are far famed for their various experiments in the Radio world: Dana Schnarre, LaDoyt Rhodes, Carl Fork and Paul Hudson. Frank Heap is at the head of the United States Treasury. Edith Wagner, Onnolee Sunderland, Elizabeth Steinebrey, and Alice Rohrbach are famed artists on the Redpath Chautauqua platform. Clara Armstrong is a member of the Champion Girls Basket Ball team of the world. Donna Bartlett has won the tennis championship from Helen Wills. Erma Thielk has invented oil for squeaking shoes. Allen Dammeyer, Norman Haeseker, Edward Glass and Robert Rohrbach are the most famed in an Agriculture Club which is attempting to find some way to remove the skins of animals without harming them. Raymond Adams, Herbert Dammeyer and Walter Yahl are playing on the Yahl football team of which Joe Reilley is the captain. The comic opera "Faust" directed by Leroy Wesner. The various parts are as follows: Marguerite, June Gorham; Faust, Donald Wright; Mephistopheles, Thomas Weadock; and are ably assisted by the following: Edith Kreider, Virgil Sullivan, Forest Johns, Irene Kruse, Margaret Linton and Rosemary McFarland."

Then the gypsy turned to me and said, "I can not account for the rest of your classmates because they are probably living in Mars and various other planets of the universe."

FRESHMAN ATHLETICS

A number of Freshmen came out for football last fall. In a game with the Catholics the Freshmen were defeated by a score of 6 and 7. Several of the boys were subs on the varsity and "Little John," tackled the job representing his class as a regular on the high school team.

About sixteen Freshmen boys tried out for basketball, organizing a first and second team, and recently a third team has been organized. The basketball spirit is very good and every one comes to practice. No doubt some of the boys will make the varsity next year.

The Freshman Girls Basket Ball team was very good this year. They defeated the Sophomores in three games. They were to play the Junior girls team but the game was cancelled.

Several players proved to be very good, for when the high school team was picked a number of the Freshmen either secured positions on the team or qualified as subs. Girls not on the high school team will probably be used next year.

A Freshman Writes to His Father

St. Marys, Ohio, July 7, 1926.

Dear Dad:

I am going to ask you an unusual request but it is important. Will you let me shoot Dolly? Why? She bucked me over the fence and into the ditch. There was water and mud in it before I was there but there is none there now. When I tied her up she stepped on my big toe. As I was milking her she kicked me and I landed in the water trough. When I got up I picked up a rail and tried to hit her. I made a mistake and hit myself. Can I have my wish?

Your son,

JOHN.

CLASS HISTORY

The Freshman Class of 1926 entered Memorial High School feeling more ambitious than they had ever before. The records show an enrollment of 115 Freshmen, one of the largest classes that ever entered the High School.

Not long after the school session had begun, the Freshmen assembled in the auditorium for class elections. The officers chosen were: President, John Roebuck; Vice President, Ruth Steva; Secretary, Harry Critten; Treasurer, Donald Hinton.

Once organized, the Freshmen soon entered upon their class activities. On October 29 the class had a Hallowe'en party in the gymnasium which was very prettily decorated with orange and black crepe paper, pumpkins and cornstalks. Everyone came masked and showed the true Hallowe'en spirit. Prizes were given for the best costumes, after which games and dancing and a real Hallowe'en lunch were enjoyed by all.

Later in the year the Freshmen and the Juniors, losers in a ticket selling contest, together entertained the Sophomores and the Seniors, the winners. A comic program was given, followed by dancing. The guests all declared the losers were royal entertainers.

The Freshmen have also shown themselves interested in music. A number of them play in the Orchestra and the Band, while others have joined the Glee Club. Some have become interested in the Talent Club.

The Science Club also numbers many Freshmen on its roll. In the radio division, alone, there are twenty-five interested Freshmen, and the class is and will be well represented in the other divisions of the club which are not so well organized as yet.

The Freshmen this year have taken great interest in all forms of athletics especially basketball. The class has organized three teams, two boys teams and one girls team. A number of boys were out for football and many of the boys and girls are coming out for track this spring.

The Freshmen will strive to add to their good reputation in the years to come.

MUSIC

Music, the greatest of arts, has always held an important place in the life and development of the human race. During the formative years of our national growth this fact could not be fully appreciated. The invaluable service of music during the great war has brought about a nation wide interest in the subject, and an awakening to its possibilities, which demand a wider recognition of music as a factor in the education and life of the whole people.

At the present time, music is generally recognized as a universal human need and no longer a luxury for the few. The need for the service of more and better music can be met only through the schools. The time has come when music must be available to every child in the entire country .

Music is one of the most valuable subjects in the school curriculum, and the influence of music in the lives of both children and adults is more potent than that of almost any other educational activity. Music affects human beings favorably, both in their intellectual and emotional lives. Because of its power to tone up both mind and body, to teach concentration and discrimination, its beneficial effect in causing increased quickness of perception, its power to socialize, (it is said to be the greatest unifying force in the world) its possibilities in preparing one for a worthy use of leisure time, and above all, because of its influence in causing an immeasurable increase in human happiness,—for all these reasons, music has come to be more commonly regarded as an indispensable subject in all types of schools and a larger place is being accorded it. It should be given a reasonable amount of time of the school day, not only as a beautiful art, but as a subject broadly educational .

In St. Marys, music is being taught throughout the entire school system. Memorial High is justly proud of its various music organizations, which are: the Band, the Orchestra, Glee Club, Singing Classes and Assembly Singing.

There are 104 students of Memorial High enrolled in the different music classes, which is about one fourth of the total High School enrollment. May every student come to know the value and power of music, the greatest of arts. Let our slogan be: "Music for every student, and every student for music."

The Glee Club of Memorial High School is composed of members of the four classes who satisfactorily accomplished the try-outs at the first of the school year. With all interest centered on National Music Week, May 3-7, the Club, directed by Miss Kohler, has been working on a group of songs to be presented in a program in Chapel at that time.

The Club has studied four part arrangements of these songs: "The Land of the Sky Blue Water," "Welcome Sweet Spring," "Largo," "Sing a Long," and "Lassie o' Mine."

The Memorial High School Band under the direction of Miss Emma Kohler has developed into a group of musicians which have been in great demand this year. Rain or shine as regularly as a football game came around the Band was present on the football field. Many of the basketball games were greatly heightened in interest by the addition of spirited band music.

Another very important activity in which several of our students are engaged is the High School Orchestra. Memorial High School has now had a high school publication for five successive years. During the first year the paper was published privately by the high school but this method proved a failure financially. Mr. John L. Sullivan, retired editor of the Evening Leader, generously consented to publish the paper in the St. Marys Evening Leader on Saturdays.

The faculty advisor, Mr. Fred E. Koenig, has offered many valuable suggestions to the staff and has been at all times a real aid in preparing the material and the correction of the same. He has been most faithful to the staff and it wishes to take this opportunity of expressing its appreciation.

At the beginning of this year when the Live Wire was published regularly we exchanged papers with several schools, Rockford, Delphos, Wapakoneta and Spencerville. At the time of this writing, the Live Wire was not being published due to a change in the management of the Evening Leader. It is not known whether there will be any more publications this year but we can do no more than to wish for the "Live Wire" much in the coming year.

On the evening of March 26, St. Marys High School took part in a triangular debate with Delphos and Lima South High. As is customary the affirmative teams remained at home. Delphos met our team here, while our negative team went to Lima South.

The subject was: "Resolved that: The United States' Congress should create a separate department of aviation for national defense."

Both teams worked hard and spent considerable time and effort preparing for the debate. Even though the weather was bad and less than two dozen people heard the debate here, all of the members gave good account of themselves. Both teams were defeated, two to one. Last year both teams were victorious and we hope to repeat the performance next year.

Life at most is a great adventure. An adventure that must be lived out, whether we desire it or not and whether we live it to the best of our ability or not, depends entirely on the individual.

The present day American citizen is a composite of many ideas and ideals, many of which the twentieth century boy or girl comprehends but dimly. This ignorance is not from choice necessarily; more likely it is because of the rapidly changing environment that is the heritage of this age.

Perhaps this same High School boy or girl has become so engrossed with Euclid's Theorems, Caesar's experiences, on the verge of graduation, that nations rise and fall now, as well as the past if he is to take his rightful place in the world of men and affairs.

Nothing has ever been accomplished either in the past or present until the idea had first been conceived in the mind of some one whom we more than likely called a dreamer.

The idea of the History Club originated in some such way as this at Memorial. The Senior History Class seized on it as a practical solution of their difficulties in gaining an understanding of the world into which they will go in so short a time. A world where mistakes are not lightly passed over; where no friendly teacher says "Alright; let's be careful next time." Lectures on the Constitution of the United States; on Law Enforcement; State and National Courts, etc., are given to the club by people competent to give such lectures. Regular programs are also given by the Club.. These programs might be classed under the general head of "things that should interest the American citizen."

This Club is the first of its kind at Memorial. It has mapped out an ambitious program for itself, and one not exactly easy to carry out. However, its members are not people who are easily discouraged. Another thing the Club would like to leave to future Club Members are some good magazines. The Club realizes the value of these and want to do that much for Memorial.

The Talent Club was organized early in 1925, and is in its second year. The purpose of this organization is to create an interest in and give all students, as time permits, an opportunity to develop their talents in music, speaking or dramatics. With few exceptions, programs were given during chapel, bi-weekly. We have had many interesting and good numbers: vocal solos and group singing; instrumental solos and groups, reading of essays and talks on topics of general interest, comedy and pure fun entertainment. Several of the teachers have taken part in these programs as well as having helped or coached students.

SCIENCE CLUB

Grant Heap ---------- President
La Doyt Rhodes ---------- Vice President
Hervey Fell ---------- Secretary and Treasurer

The Science Club was organized the first week of January, 1926. It is intended that all activities of a scientific nature come within the scope of this club. All of the teachers of science have assisted in the organization of the club and success of all programs.

The various departments and their leaders are: Radio—Herman Nitchman; Photography—Mildred Dicke; Reports—Izetta Tabler; Home Economics—Dorothy Hutton.

COMMERCIAL CLUB

President	Vice President	Secretary & Treasurer
Mary M. Durbin	Dillon Howell	Margaret Miller

The Commercial Club was organized, the basic idea being to identify commercial students as a progressive group at Memorial High School. The purposes of the Club are: To foster a higher and finer social spirit among the students of the department; to co-operate with the Chamber of Commerce in any movement which may benefit the community; to present to the students through lecturers, plays, etc., the problems of business life and a better conception of the commercial world as it is today. The plans of the Club have been unavoidably retarded this year, but it is hoped that in the Fall the group may fall into the work with renewed energy and interest, and carry it forward, surmounting all obstacles.

The Commercial department, an infant member of the school organization, is fast developing into a progressive division of the educational life in the high school and the community. We add "community" because we feel that the work of this Department is of vital importance in bringing about greater efficiency and intelligence in the business life of St. Marys and its vicinity.

Students in the Commercial Department have instructions in Shorthand, Typewriting, Bookkeeping and Commercial Arithmetic. The English Department offers, in addition to these subjects, a splendid course in Business English, while Commercial Geography and Economics hold important positions in the supplementary business training. With a view always towards enlargement and improvement other additions to the curriculum are being considered,—Business Law and Senior Office Training, which includes training in the use of modern office appliances.

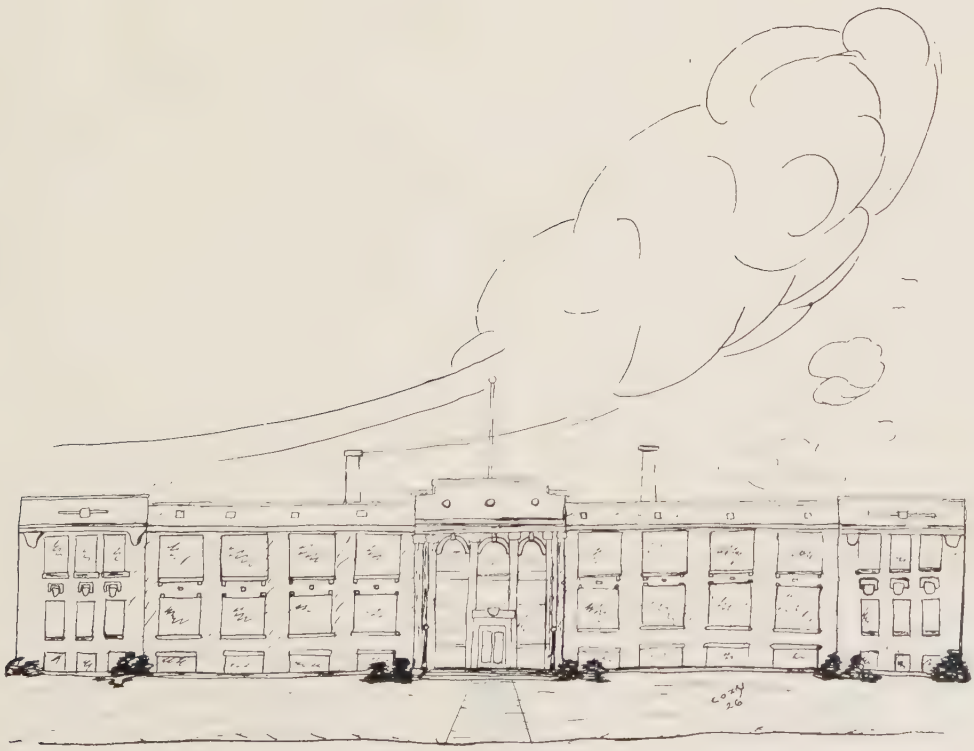
The Memorial High Agricultural Club was organized at the beginning of school year 1924. The club was founded by Mr. Harrod, the agricultural instructor, and several of the upper classmen. A constitution of the Blume Agricultural Club was adopted.

The purpose of the Agricultural Club was to increase the knowledge of farm activities and also to increase their interest in their classes.

The club of 1924-1925 had a baseball team which was fairly successful. This year the club had a basketball team and will have a baseball team again.

Alumni



THE SPIRIT OF THE OLD GRADS.

We're proud of you,
Memorial High!
The future looks bright for you,
But back of all you may do or try
Are the sons of the Gold and Blue.
Your Spirit is something that isn't new,
It dates back for years and years
Thru days that were filled with happiness,
And days that were filled with tears.

So, we're proud of you,
Memorial High;
We're proud of your Gold and Blue,
And in days to come as in
Days gone by,
Your sons will stand back of you.
We are the "Grads" of the days
That are gone,
But we're loyal and staunch and true,
Ready to work and fight and win,
For the school of the Gold and Blue.

The graduates of St. Marys High School, in general, have attained unusual success in their chosen vocations. Some have found their life work in the professions, as doctors, lawyers, ministers, educators and nurses; others have entered the trades, while many have become recognized leaders in the economic pursuits of the community. The stars of two alumni have led them into political and diplomatic spheres, one being a representative to Congress and the other going as United States Minister to South America. However humble, however great, each of our alumni is filling his niche in the world of service.

Memories are the bridges that link us with the Past. When we cross these bridges, Time is destroyed and Yesterday stands out vividly beside Today. The following messages from various classes form an interesting picture of the life of the high school from early days to the present. It is the sincere hope of the Alumni Editor that these personal touches, these Memory Bridges, will renew in the hearts of the Alumni the flame of undying zeal for old St. Marys High and that as they link themselves with the Past of their Alma Mater, they may respond to her need of the Present and her program for the Future.

CLASS OF 1874.

The first class of St. Marys High School graduated in the Spring of 1874. There were seven members, Anna Barrington Campbell, Lillie Dieker Sheets, Carrie Kelsey Ferris, Florence Hamisfar Aitchison, Otis Dunan, Robert Gordon and Louise Bieber. The Commencement Exercises were held in the High School room. The only decorations were mottoes made of pressed cedar sewed on muslin and tacked on the wall. The girls wore new calico dresses. Each one had prepared an essay, which they read to a small sized audience. As simple as this all seems, it was just as impressive and grand to the graduates of 1874 as the exercises will seem to the class of 1926 in the beautiful new High School Auditorium.

Five members are still living, Mrs. Anna Campbell in Los Angeles, Calif., Mrs. Florence Aitchison, Chicago., Mrs. Carrie Ferris, North Carolina, Louise Bieber and Otis Dunan in St. Marys. Two have gone to the Great Beyond, Mrs. Lillie Sheets and Robert Gordon.

The Alumni Association was organized in May, 1881, at the home of Mr. Oliver Jay.

All hail to the class of '93!
Loyal St. Marians are we!

While Charles C. McBroom rules Memorial High.
Catherine Mooney Noble we do deeply mourn,
And Forest Levering who has gone to that bourn

An honest man, a loyal pal was he,
A cherished friend, all honor to his memory.

CLASS OF 1896.

The twenty-second annual commencement of the St. Marys High School took place at the Grand Opera House on June 5th, '96. There were five graduates: Margaret Sweigart, Nora Kettler, Florence Lambert, Maurice Prange and Fred Barrington. Binkley and S. Nell Keuthan, are located in St. Marys, the latter two being teachers in the St. Marys City Schools.

CLASS OF 1898.

The twenty-fourth annual commencement class of 1898 was the largest at the time, consisting of twenty-four members—fifteen girls and nine boys—all of whom are living; ten of them in St. Marys. The class colors were red and white and the motto "Rowing Not Drifting" is still being observed in high speed.

CLASS OF 1899.

The graduation of the Class of 1899 marked the Twenty-fifth Annual Commencement of The St. Marys High School, and the exercises were held on Thursday evening, June 1st, 1899. Class Motto: "Pro vita non Schola discimus" (For life, not school, we learn.) Class Colors: "Red, White and Blue." Class Yell:

The girls' dresses for the occasion were of blue chambray trimmed in white, and each wore red roses. Not to be outdone in the matter of dress, the boys of the Class surprised the girls by appearing in linen suits.

Class Roll in 1926:

Fletcher Paglow, Edw. Chandler, Clara C. (Stalder) Fisher, Margaret C. (Kirsch) Kohler, V. Virginia (Bubp) Gray, Nell Paglow, Gertrude Doute,

Two members of the Class of '99 are deceased: Margaret D. Holcroft, and Amelia L. (Schmehl) Foreman.

CLASS OF 1902.

The Class of 1902 was composed of eleven boys and eleven girls, namely: Albert Veenfliet, George Dunan, Dana Simpkins, Dina Bornhorst, La Vere Huffman, Warner Boos, Samuella Russel, Ethel Stearns, Hugh Clark, Lois King, Amy Walters, William Barrington, Delbert Twiner, Fred McKee, Florence Hamilton, Leona Moore, Myrtle Cramer, Clyde Yingling, Robert Lounsberry, Pearl Broadbeck, Pearl Lang and Clara Heine.

Of these only two remain in St. Marys. Delbert Turner and Mrs. Fred C. Hauss (Clara Heine). Our class was the first to start the Annual. It was dedicated to our Superintendent J. D. Simpkins, and was called "Ye Scrap Book." Our colors were Red and Blue and our motto:

The mind is it own place
And in itself can make a
Heaven of hell, a hell of Heaven.

CLASS OF 1905.

The Class of 1905 has twenty-seven members. It had the distinction of being the second largest class in the history of the High School. Another interesting feature was that there were only four boys in the class. These boys were all farmer lads. On Commencement night dressed in overalls and straw hats, armed with pitchforks and rakes, they put on a drill that was very clever.

During the intervening years four of the members have passed to the world beyond. The remaining ones in every instance, have developed into useful men and women, a credit to the communities in which they live.

To all of us, the memories of those happy days spent in St. Marys Hi. grow dearer and more precious as the years go by.

CLASS OF 1915.

In looking back over the past eleven years to the 1915 "Mirror" one finds within its pages the record of a group of sixty-two freshmen—ignorant of the ways of high schools developing painfully and laboriously into a class of forty-five seniors eager to discover what the great world held in store for them. In scholarship the class of '15 may not have headed the list, yet one thing at least can be said in its favor—'15 worked together as a class remarkably well. Now, 1926 finds each member of the class striving to succeed in his chosen life work, whether it be in the home, in the business or the professional world. And it is to the credit of 1915 that the entire class has ever been constant in its support of St. Marys High.

High School Lecture Course

The lecture course of this year is the second one presented by Memorial High School. It has brought many interesting as well as educational entertainments to St. Marys, a benefit to any city.

The first number was given on October 13, by the Betty Booth Concert Company. Miss Booth, organizer and director of this company is an accomplished musician. The program consisted of selections and compositions of the great masters, semi-classical instrumental numbers, costumed song presentations from light operas and other favorite vocal numbers given in costume, together with an original operetta, "A Master's Birthday." All united to make the company a distinctive musical offering.

The second number of the lecture course was the "Cox Duo," on December 16. Charles Cox, leader of the company, brought many laughs and chuckles from his audience. Mr. Cox has a big, glorious basso voice which he uses with ease and intelligence. Mr. Cox impersonated Harry Lauder and Bert Williams. Mr. John Thomas, the assistant of Mr. Cox, had a splendid baritone voice, which was heard to advantage in solos and in duets with Mr. Cox.

The third number of the course was offered by the Stolofsky-MacFarren Company on January 28. Miss Stolofsky is a concert violinist. She held her audience under a spell of musical enchantment. Her crowning number was "Ave Maria" which was played with feeling and sincerity. Herbert MacFarren is both a composer and pianist. He has toured the United States and Europe as a concert pianist and on several occasions has been concert soloist. The program of descriptive and classical numbers as well as old favorite selections had a popular appeal and at the same time it could be appreciated by a finished musician.

On February 16, "The Man Who Can," Mr. William Rainey Bennett, delivered an interesting lecture to an attentive audience. His message was vital, practical, up-to-the-minute, directed to the men and women of today and the problems that they are facing in their daily search for improvement and happiness. Mr. Bennett not only makes an outstanding appeal to the grown-ups, but also meets with singular success in his contact with young people of high school and college age.

The concluding number of the lecture course was given on March 2, by Mr. George F. Morse, an eminent zoologist. Mr. Morse is a noted authority on animals. His scientific knowledge of animals is quickened by his love and understanding of them, a comprehension which began in his childhood which was spent upon a backwoods New England farm. In addition to his extensive expeditions in this country, he has traveled through Europe, studying zoological conditions. He is also the author of many interesting magazine and newspaper articles. He has made marked improvements in the care of wild animals in the captive state, notably of moose and caribou and other North American ruminants, which heretofore have lived but a short time in captivity.

Who's Who On The Squad

Captain Bethers—Carl has played his last game of football for Memorial High and has filled his position capably. He has played center for the last two years, being the main-stay of the line because of his fighting spirit.

Howell—Football fans have seen "Ding" for the last time on the gridiron upholding the honor of Memorial High. He made a record for himself as fullback, showing great ability at line-plunging, punting and passing.

Hollman—Howard, during his short career as a speedy half-back, has made a place for himself in the esteem of those who have followed the team this season. He developed a flashy style, supplemented by a staunch dependability.

Linders—At the position of quarterback "Rupy" gave sturdy assistance to the team. His "bulldog" spirit made him a hard fighter and a stubborn adversary. This year saw him playing his last game for Memorial High School.

Beale—"Dick" proved that size and weight are not always necessary to a football player. Although handicapped by an injury early in the season, he became a real menace to the opposing line. He will leave a position to be filled next year.

Huffman—"Huff" was one of those valuable utility men who play such an important part in the make-up of any team. In other words, when called upon to go in and fill a regular's place in the lineup, Lawrence was ready and did it to perfection.

McBroom—"Si" developed into one of the most aggressive ends that ever represented M. H. S. He was a hard, clean tackler and his ability to get down under punts figured a great deal in the success of the team.

Vorhees—Burdette came to us from Kansas without any football experience. His speed helped him to land a regular position at guard late in the season. He was a good tackler and became very good at running interference.

Fosnight—"Tarzan" is cheating us out of a year of valuable service by taking high school in three years. We regret this very much for he certainly had his whole heart in the game and his position will be hard to fill.

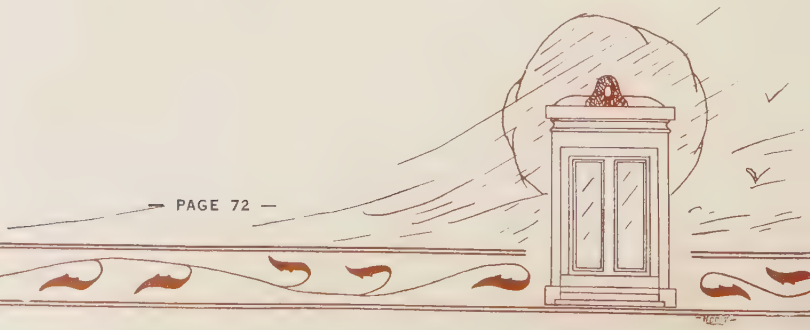
Fell—Hervey is a Junior and a very slippery half-back. Next year, if we have a dry field once in a while we prophecy that Hervey will show us some tricks.

Larkin—"Bill" is another Junior. His specialty was grabbing long passes. "Bill" has plenty of fight and a man-sized share of good old nervine.

Roebuck—"Little John," while only a freshman held down one of the most important positions on the team in good style. Much is expected of him next year.

Gross—"Fritz" while playing his first year of football showed that he is a chip off the old block. Let's hope that he will hold up the reputation of the family—"nuff sed."

Riley—"Red" was elected to captain next year's team because of his personality and winning spirit. He is one of those rare specimens that combines all of the good qualities of an athlete, gentleman and scholar. We wish you luck, "Red."



THE SEASON

The football season of 1925 was a very successful one from the standpoint of team improvement. When the initial practice of the year was held, Coach Roy H. Wisecup found himself confronted with the task of developing a formidable aggregation with only two letter men and a handful of mediocre material. However, in spite of all the handicaps of inexperience coupled with extreme adverse weather conditions Memorial Hi came through on the long end of a very difficult schedule.

COLUMBUS GROVE—6 **M. H. S.—25**

The first game of the season was an overwhelming victory only from the standpoint of the score. More poor football was displayed in this game than could be crowded into any other flock of games. The outlook for a successful season was far from bright.

LIMA SOUTH—21 **M. H. S.—0**

In the second game of the season the team showed a world of improvement but a chain is no longer than its weakest link and South's veterans found the gate unguarded three times.

CELINA—0 **M. H. S.—30**

Dillon Howell was the main reason for sending our rivals from across the pond, home with their football aspirations crushed.

HAVILAND—6 **M. H. S.—13**

Haviland had a very fast and tricky back field and the M. H. S. boys had to keep right up on their toes to win.

WAPAKONETA—7 **M. H. S.—7**

Playing in a drenching rain and on a very muddy field, Wapak succeeded in holding St. Marys to a 7-7 tie. Wapak scored their touchdown in the first minute of play after kicking and chasing their own fumble until they finally secured possession of it behind their goal line. M. H. S. scored early in the last quarter after working the ball up to the scoring zone with a number of beautiful passes. "Little" John Roebuck found himself in this game and since then has been a hard man for opponents to get along with.

LIMA CENTRAL SECONDS—0 **M. H. S.—7**

This game was played in a sea of mud. Coach Wisecup used all of his subs in this game.

VAN WERT—6 **M. H. S.—0**

Both teams played on even terms until the last thirty seconds of play. Then, the Van Wert quarter back standing behind his own goal line, threw a forward pass to the left half back, the fastest man to play here this season, who raced eighty-five yards for a touch-down

BLUFFTON—7 **M. H. S.—6**

Another battle on a rough sea of mud. The most aggressive team won.

GREENVILLE—13 **M. H. S.—6**

The boys from Memorial Hi played like veterans in this game and were not only the first to score, but the first team to cross Greenville's goal line. It was only by getting the breaks of the game and making good use of them that Greenville was able to nose out M. H. S. Capt. Bethers, Hollman and McBroom were the stars of this contest.

SIDNEY—14 **M. H. S.—2**

This was one of the poorest games of the season and the M. H. S players were simply cowed by some questionable tactics of the Sidney aggregation.

WAPAKONETA—6 **M. H. S.—32**

On Thanksgiving day the largest crowd that ever witnessed a football game in Auglaize County, gathered to see St. Marys ride rough shod over their old rivals Wapakoneta. Wapak was bewildered by the new formation that was saved for their benefit. The climax of this game was reached when the St. Marys warriors held Wapak on the one foot line for four downs. St. Marys out played Wapak in every department of the game and not even so much as a question was left in the mind of the most ardent Wapak fan as to the comparative strength of the two teams.

BASKETBALL SQUAD

Howell, captain; Larkins, Beale, Yahl, Fell, Roebuck, Axe, Nagel, Heap, Huffman, Schnarre, Rhodes, Hollman, Nobel, Critten, Gilmore, Spillers, Sullivan, Taylor.

The 1925-26 basketball season was not very successful from the standpoint of games won and lost. Coach Wisecup had only one regular, Dillon Howell, around whom to build a team to weather a most difficult schedule. The team played in streaks,—excellent one week and off color the next. Team work was lacking. Disregard for training rules brought about a complete reorganization of the team late in the season and in the last game of the season the team, composed largely of Sophomores and Juniors, showed some real class.

GIRLS BASKETBALL SQUAD

Mary Margaret Durbin, (Captain); Breta Baumgardner, Marian Wust, Marvel Hunter, Helen Kundert, Marian Longbrake, Savella Custer, Clara Armstrong, Leona Langsdon, Marie Burden, Edith Wagner, Emma Katterheinrich, Miriam Soloman and Inez Montague.

REVIEW OF GAMES

The girls basketball season of 1925-26 was probably the most successful one in the history of St. Marys High School. This was probably due to the fact that a greater number of girls than usual became interested in the game during the class basketball tournament which took place before the season was formally opened. Basketball was also played in the Physical Education classes and in this way a great amount of good material was developed for this year as well as for years to come. Before this year only a very small group of girls had taken an active interest in basketball and when several members of a team were lost through graduation, some entirely green material had to be developed to fill the vacancies. Now, that so many girls are familiar with the game it should be easier to develop good teams each year and the future seasons look very bright for the girls of M. H. S.

At a meeting of all girls interested in basketball, Mrs. Wisecup and these girls decided that through their efforts the team should be equipped with new suits and shoes. After selling candy, giving markets, etc. enough money was gathered together to equip a team of twelve girls. The suits selected bore our school colors—blue and gold, while the shoes selected were those which promised the most protection and comfort to the players. These suits did not arrive for our first game which was played at Cridersville, but were here for our first home game with Lima Normal. Perhaps it was the "thrill of sporting" them for the first time that urged the girls to play such a splendid game in which their almost perfect team work was a feature.

Our next game was played with Botkin after the Christmas vacation and the whole team played a very sluggish game due to the break in training over the holidays.

In the next game, with Cridersville, the team work, as well as individual work, still failed to reach the standard set in the game with Lima Normal.

The entire week before the Waynesfield game was spent in heavy practice because we expected a hard battle. Our expectations were fulfilled and when the final whistle sounded, Waynesfield was the victor by one point.

The game with the strong team from New Knoxville was also a thriller, but the St. Marys team managed to finish with a three point lead.

As usual, the girls from St. Marys put forth their best efforts against their old rivals from Wapakoneta and it was only through a grim determination to win that the game ended with the girls from M. H. S. in the lead by five points.

The New Knoxville girls claim that they can not be beaten on their own floor and proved their statement by handing the M. H. S girls a **15-11** defeat. The St. Marys girls played a fine game which was one of the best of the season.

At Van Wert our girls were able to hold their own against the football tactics of the Van Wert girls for just half of the game which ended with St. Marys seven points in the lead. This type of a game coupled with the splendid work of one Van Wert forward proved to be too much for the St. Marys girls who left the floor on the short end of a **29-19** score.

The success of the St. Marys girls in winning the county tournament was undoubtedly due to the building up of a strong offensive system and consistent drill in team work. The whole team seemed to be in splendid shape and worked like a well-oiled machine. The three tournament games were comparatively easy victories for the St. Marys girls.

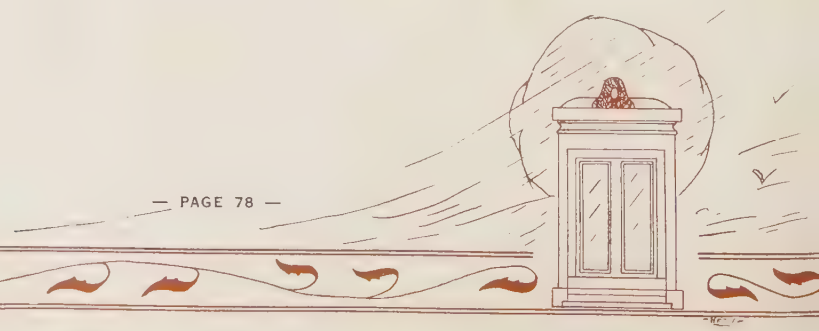
Mary Margaret Durbin, Breta Baumgardner, Marvel Hunter and Savella Custer are the senior members of the squad. The absence of these girls from the squad means quite a loss and some of the under class material will have to be developed to fill these vacancies.

Marian Wust, who has been holding down the position at Center, is a Junior so will have another year to play for the Blue and Gold.

Clara Armstrong, Edith Wagner, and Emma Katterheinrich, Sophomores of the squad, have received experience this year which will go a great way toward building a strong team for next year.

Helen Kundert and Marian Longbrake, Freshmen, have been doing valuable work with the first string team this year while the other Freshmen of the squad—Marie Burden, Leona Langsdon, Inez Montague and Miriam Solomon, have been working hard in order to fit themselves to fill any vacancies next year.

In addition to the ten members of the squad who will return next year there is a wealth of good material which Mrs. Wisecup has been developing in the Physical Education classes so the prospects of another very successful basket-ball season for the girls of M. H. S. are very bright.



TRACK SQUAD

Captain Swarts, Benton Packer, Dillon Howell, Franklin Drake, Ted Hadley, Thomas Kohlhorst, Robert Judy, Harry McMillen, Marian Wust, Mary Margaret Durbin, Margaret Miller, Dorothy Minkner, Savella Custer, Elma Hall, Leonard Mallory, Sam Welshimer, Eugene Hoewischer, Ned Chandler.

Northwestern Ohio Sectional Champions. The 1925 track season was the most successful one in the history of the school.

In the first meet of the season Memorial H. S. not only won the championship of Auglaize County but scored more points than all the other schools put together. The schools taking part in the meet were Wapakoneta, Waynesfield, New Bremen, Cridersville, Minster, New Knoxville and New Hampshire. Our athletes took first place in every event except the pole vault.

In the second meet of the season our boys easily defeated Lima Central on their own track.

Just one week later Memorial High School brought a most successful year in athletics to a close by winning the sectional meet held in Lima with the following teams competing: Lima Central, Celina, Kenton, St. Marys, Bluffton, Mt. Cory, Gomer.

Seeing Things In The Mirror

He looked down at her coldly, almost mockingly. Her worshipful gaze left him unmoved. Not by the quiver of an eye did he betray that he even saw her. Slowly, timidly, she reached up a hand and touched his shoulder. "Gee, Mother," Emilie J. whispered, "this is the best looking statue in the whole museum!"

Freshman (in the study hall)—May I speak?

Mr. Young (in ditto)—Yes, you may.

F. I. T. S. H.—Who to?

Aviator—We are falling! Are you prepared to meet your maker?

Albertine—Gracious no! My hair's a sight!

Miss Benjamin—Harry, what does syntax mean?

Harry Hoeper—The duty on liquor.

Reformer—Yes, brethren, I save men.

Lee Long—Do you save women, too?

Reformer—Yes, I save women, too.

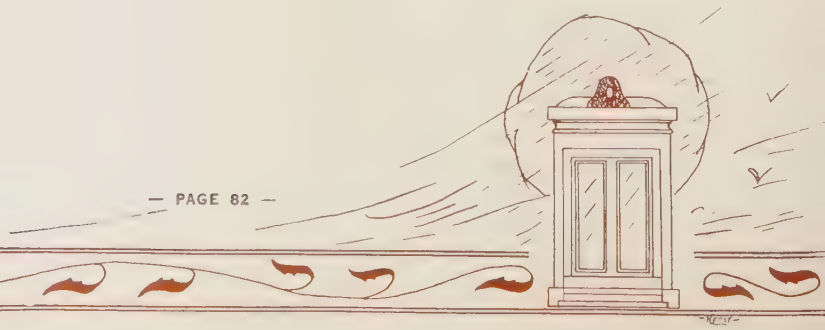
Lee Long—Well, save me a couple for tomorrow night!

Mrs. Spencer (frantically phoning her husband)—Do hurry home, Frank! I've got the plugs mixed in some way. The radio is covered with frost and the ice box is singing, "Show me the way to go home."

Mr. Koenig—When did Milton write "Paradise Lost?"

Ned—When his wife returned home from her summer vacation.

"I certainly make things hot for the students," sighed Mr. Wellman as he shoveled another ton of coal.



Miss Smith (in M. & M. History) —Who is the king of England?

Leonard M.—George is his first name. His last name isn't in the book, but it starts with V.

Mr. Kohler—Electricity is a wonderful thing.

Kermit F.—Yes, but so many people make light of it.

Judge—You have been guilty of exceeding the speed limit.

What do you want—fifteen days or fifteen dollars?

Bennie S.—I'll take the money, if it's all the same to you.

Mildred D.—Have you ever read "To a Field Mouse?"

Charley S.—Why no! How do you get them to listen?

WE WONDER WHEN

Miss Adams will buy a new Charleston collar?

Damian Hurm will settle down and be a good boy?

Fat Foor will start his daily dozen?

Sally Custer wil stop writing her name in public places?

Lester and Howard will start tramping again?

John Roebuck will open a book in Second Period Study?

Mr. Harrod works?

Erma Smith stops talking long enough to eat?

Miss Minnich will ditch her purple jacket?

Ding Howell will stop growing?

Miss Bay—Mr. Candler, who is the Speaker of the House?

Mr. Candler (very meekly)—My wife.

Mr. Kohler—What is a vacuum?

Burdette Vorhees—I have it in my head but I can't think of it just now.

Chief Miller (Sunday, at the fire)—Walter, you will have to accompany me.

Birdcrumb Horton (very obligingly)—Surely, what are you going to sing?

Miss Williams—When did Vergil die?

Bernard—51 A. B.

Miss W.—You mean 51 B. C.

Bernard—No ma'am. 51 A. B. Fifty-one years after birth.

Carl Grimm—I sure had a hot time last night.

Bun Shuffelton—How's that?

C. G.—I stuck the lighted end of a cigarette in my mouth!

Miss Smith—Did Martin Luther die a natural death?

M. M. Dorian—No, he was excommunicated by a bull.

Blaine Varner (at library)—I want some fairy tales.

Hilda H.—Say, you can't fool me! I guess I know fairies ain't got no tails!

Mr. Candler—Is that your mother's signature?

Clifton S.—As near as I could get it.

Velma R.—My brother was awfully sore at you when you were calling on me last night.

Kenny—Why so, I didn't do anything.

V. R.—That's why. He waited all evening at the keyhole for nothing.

(This bit of verse comes to us from a country student.)

The farmer crossed the chicken-yard,
A hen went dashing after.
"There goes the guy I'm laying for,"
She clucked, mid barnyard laughter.
